Steven H. Kaplan

University of New Haven President

To the Class of 2005:

I extend my sincere congratulations to all of you on the completion of your degree. I hope you have had a rewarding and challenging experience.

As you ponder on your future plans, I hope you will also take a moment to express your gratitude to the members of the faculty and staff who have helped you prepare for this important milestone in your lives. The University's goal has been to prepare you to lead meaningful lives, both personally and professionally, and to instill in you a sense of social justice and civic responsibility. Your actions in the years to come will be a measure of how successfully we have met that goal. From this perspective, I hope you will always see yourselves as members of the UNH family and strive to improve the lives of others as a sign of your gratitude for the fine education you obtained through the help of our dedicated faculty and staff.

Your professors at UNH have given you foundations and concepts in their individual disciplines and taught you how to apply them to the real world. Life will present you with many opportunities and challenges. I am confident that the knowledge and skills you have obtained at UNH will enable you to take advantage of those opportunities and rise, with strength and confidence, to the challenges that lie ahead.

I thank you for letting UNH be a part of your lives and hope you will return to campus often and see us as an integral part of your future. All of us at UNH are very proud of you.

With my very best wishes,

Steven H. Kaplan
President

Aaron W. Luke

Undergraduate Student Government Association President

Dear Graduating Seniors, the Class of 2005:

Wow! Four years have without a doubt flown by. Many of you have evolved into different individuals and have matured into vibrant men and women. Not only have you evolved, but the University of New Haven has also transformed right before your eyes. You have had the opportunity to positively impact your learning environment, and for most of you, the legacies that you are leaving behind will serve as precedent for years to come. I hope that during your time here you have exhausted the outlets made available to you so that you will be even more successful in your professional pursuits. Commencement is not the end, and in actuality the meaning implies a new and unique beginning. Begin the rest of your life today. Make sure that the goals you wish to achieve are outlined and identified. And finally, be aware that only you can control your destiny; thus, "do not follow where the path [of insecurity, pressure, and uncertainty] may lead, but go instead where there is not path and leave your trail." You are about to leave the "Abridged Real World". I hope as you enter the "Realest Real World" you will take into consideration all the things that you have learned over these past four years and make tomorrow... Today! Best Wishes! You made it!

To the returning students:

I thank you all for a wonderful year. I hope I have exceeded your expectations as your President. This year has been wonderful and I look forward working with all of you in the future. Remember, "The ultimate measure of a man is not where he stands in moments of comfort, but where he stands in times of controversy." The statement has been my motto for life, I urge you all to remember that any thing in life that comes easy will go easy. Continue to be efficient and dedicated. The future is in our hands... thus, we can truly make tomorrow!

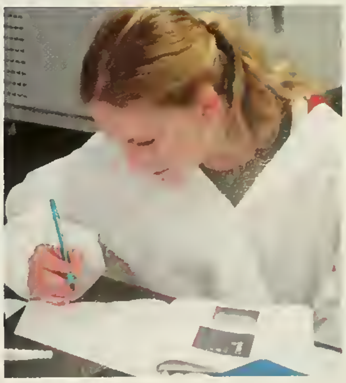
Great minds have purposes,
others have wishes. -
Washington Irving



Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth.

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same.

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I--
I took the one less traveled by,
And that has made all the difference.

--Robert Frost

True Success

Each year that you grow older
Day by day you'll see...
Life will demand of you
More responsibility.
Take it on...as if a gift
Into your capable hands..
And make responsibility
A part of all your plans.
Always do what you promise..
And promise what you'll do..
So those who know you best will see
They can depend on you.
Always keep your dreams alive..
Never let them die..
For worthwhile dreams can't be achieved
If you don't at least try.
Try not to envy others..
Guard what you say and do..
And remember that there's someone
Who is looking up to you.
To set a good example...to keep a caring heart
For these qualities that people see
Will set you well apart.
And always do your best
At everything you do..
Then real success and happiness
Will always come to you.
--unknown

How did it get so late so soon?
It's night before it's afternoon.
December is here before it's June.
My goodness how time had flown.
How did it get so late so soon?

[illegible] brains in your head.
You have feet in your shoes.
You can steer yourself

You're on your [illegible] know.
And YOU are the one who'll decide where to go...

You'll be on your way up!

The Delta Epsilon Beta Sorority was founded at the University of New Haven in the fall of 1998 by ten girls. Originally started at Bloomsburg State College in 1996, the sorority's ideals were brought to New Haven. The Sorority is primarily involved with issues concerning women and children. DEB participates in events such as the annual "Sleep Out for the Homeless." This fundraiser is an opportunity to raise over 1,500 dollars for a New Haven shelter called Life Haven. The sisters of Delta Epsilon Beta Sorority help surrounding communities with events such as The Domestic Violence Walk and the annual Diabetes Walk in North Haven. Every student here at the University of New Haven is a member of the student government and are encouraged to embrace their civic duty to promote a better campus life for all. The USGA is also the home to a large number of clubs and organizations of a social, academic, and academic interest. The Charger Bulletin is the student newspaper of the University of New Haven. After months of hard work over the summer, the new layout was finally unveiled and a whole new avenue of new content was made available for the campus community. The key word for The Charger Bulletin for this year and years to come is professional. Our efforts this year were devoted entirely to publishing a quality, professional publication that reported national and campus news, as well as related sports, entertainment, and lifestyle articles. Our goal for this year was to see The Charger Bulletin not as a campus newspaper, but as a newspaper. While our counterpart at other colleges and universities may be viewed as merely student-run, campus publications, we worked to be recognized as a real newspaper. As the University of New Haven gradually grows both physically and academically as we tread on into the 21^{st} century, The Charger Bulletin will reflect the university's growth and maturity as we show professionalism to the national audience in all aspects. With the growth of our staff and the new availability of professional news stories from a quality, professional publication that reflects not only the hard work that is put into it each week, but also on the quality of this fine university. We would like to extend our sincere thanks to those who have supported us throughout the year, and we look forward to serving you again. To the seniors: Best of luck in all that you do!

The Chariot Yearbook is a group of extremely dedicated people that have the responsibility of recording the various events, functions and happenings that occur here on the University of New Haven campus. This responsibility is demanding at times, yet each and everyone of us has a great time putting together this spine with pages and pages of memories for others to enjoy for years to come. We decided to chose "A New Horizon" theme to go along with all the new changes and developments we have endured on campus. We have added an additional 16 pages of color to the yearbook. Be sure to check out the interactive CD to experience everything that happened "live" on campus and additional footage from the spring semester. We would like to thank all of the other medias for taking residential life, special events, and acedemic photos. We greatly appreciate it.

S.C.O.P.E. is the Student Committee of Programming and Events. We are the students who bring many of the events you see on campus. SCOPE has a variety of different ways to please the students. Events such as: top notch movies every weekend, comedians every month along with hypnotists and a regurgitator, trips to areas all over the place, game shows, and many music acts throughout the year. We do have some higher scale events that everyone had marked on their calendar such as: Bean House, which is a once a month open mic night, Halloween Haunted House, which everyone loves, and of course, Spring Weekend, which is a massive weekend with a carnival and a popular music act. All SCOPE members worked very hard this year and it definitely shows through the quality of events and the number in attendance.

WNHU

Station Manager: Matt Heller
Program Director: Marc Muturo

WNHU-FM is a non-commercial, educational (NCE) radio station licensed by the Federal Communications Commission (FCC) to the University of New Haven (UNH). The station began intermittent 100 watt mono broadcast on a frequency of 88.7 MHz on July 4, 1973, and has now evolved to its present 1700 watt, 20-hour-per-day, year round, digital stereo status. The station's line-of-sight FM signal goes out approximately 30 miles in all directions and reaches a potential audience of around 1.2 million people. Keeping with the legal mandates and long-standing traditions of NCE radio, WNHU's programming consisting of music and information not commercially available within the station's licensed broadcast area. The station is an integral part of UNH's Communication department. WNHU's General Manager is a departmental faculty member and is responsible for all long-range planning for the station. With the exception of an FCC mandated part-time Chief Engineer, the GM is WNHU's only paid employee. All other regular station managers and directors are UNH undergraduate students. WNHU's transmitter and antenna are located in and on Bartels Hall. Station funding comes from several sources: the University of New Haven, UNH's Undergraduate Student Government Association, public listeners' donations, and, to a lesser extent, tower space and subcarrier-frequency rentals, show underwriting, private grants, and other sources.

Alpha Lambda Delta National Honor Society

Alpha Lambda Delta is a Freshman Honor Society that encourages high scholastic achievement, community service, and university involvement. Eligibility is dependent upon involvement in the local chapter and a 3.5 cumulative grade point average. The National Chapter was founded at the University of Illinois in 1924 and was established on this campus in 1984. Currently, there are approximately sixty UNH Honor Society members, thirty-three of which are new inductees. Every year the members of ALD honor the faculty and adjunct professors with a Student/Faculty Reception. Other activities held during the academic year include collecting Toys for Tots, holding food drives for WHEAT, participating in awareness weeks, encouraging success on finals, and a variety of other unique activities and community service events.

Ambassadors for Christ

It is our 2nd year in action, and we are delighted to have such an active part on campus, and in our community. AFC is a branch of Campus Crusaders for Christ on a mission to spread God's word to the world. We are dedicated to building up disciples for Christ, while providing a comfortable atmosphere for every student to discuss and understand what it truly means to be a Christian. AFC provides various events such as Friday Fellowships and DJ Sunday Cafeteria Dinners (playing all types of Christian music from classical to rap/hip-hop) so that the love of Christ can be shared with our UNH family. We also take an active role in the community by serving the elderly, homeless, and the young children in the New Haven area. One of the biggest events we plan to have each year is our end of the year Revival. This is a time when all students from UNH and surrounding universities, as well as young adults from surrounding churches gather together at UNH to have a festival of gospel events, and receive encouragement to continue pressing towards our dreams through a powerful message given by a motivational speaker. God Bless!

Astronomy Club

The goal of the Astronomy Club is to learn new and interesting facts about our universe all while having a good time. We had information tables in the student center about our own galaxy as well as a memorial table for the space shuttle Columbia that tragically crashed last year. Previously, the club has sponsored trips to the IMAX Theater, as well as a trip to the beach for the meteor shower last November. We offer opportunities for scholarships, internships, co-ops, and careers through networking at our regional and national conferences.

Paranormal Investigation & Research Organization

After four years at UNH, the Paranormal Investigation and Research Organization is at the brink of breaking into the professional field. It has new members, new structure and brand new equipment. Training classes taught new members investigation techniques, legal boundaries and use of equipment. In addition to Maxcy hall and the Gatehouse, a number of other buildings on campus are rumored to be haunted, and PIRO is starting to make plans to investigate these sites as well. A NEW HORIZON

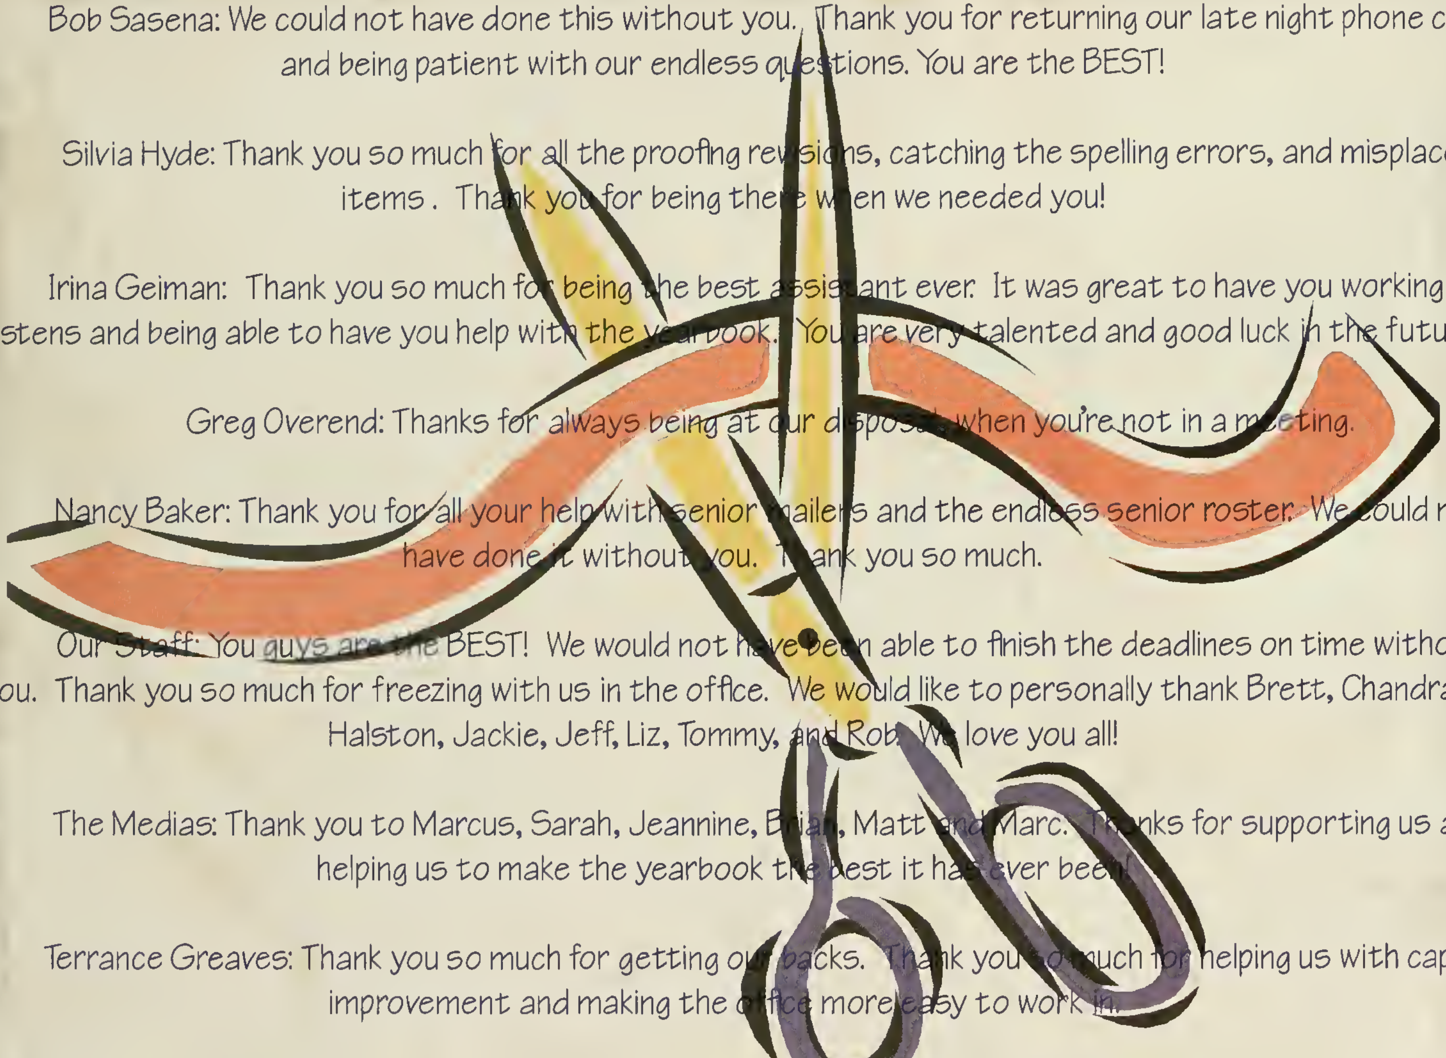
As the Ribbon Is Cut...



To the Graduating Class of 2005 and The University of New Haven:

The time has come for the release of another volume of the Chariot Yearbook. A lot of time, effort, hard work, and dedication has been put into the production of this book. With the help of PDAs and USGA we were able to turn 32 black and white pages into color. We are very proud of the diversity as well as the tradition contained in this year's yearbook. Of course, we could not have done it without the help of our staff and the university. We hope you enjoy and cherish the 176 pages of memories.

We would like to give a special thanks to all those people who helped us in one way or another this year:

Bob Sasena: We could not have done this without you. Thank you for returning our late night phone calls and being patient with our endless questions. You are the BEST!

Silvia Hyde: Thank you so much for all the proofing revisions, catching the spelling errors, and misplaced items . Thank you for being there when we needed you!

Irina Geiman: Thank you so much for being the best assistant ever. It was great to have you working for Jostens and being able to have you help with the yearbook. You are very talented and good luck in the future.

Greg Overend: Thanks for always being at our disposal when you're not in a meeting.

Nancy Baker: Thank you for all your help with senior mailers and the endless senior roster. We could not have done it without you. Thank you so much.

Our Staff: You guys are the BEST! We would not have been able to finish the deadlines on time without you. Thank you so much for freezing with us in the office. We would like to personally thank Brett, Chandra, Halston, Jackie, Jeff, Liz, Tommy, and Rob. We love you all!

The Medias: Thank you to Marcus, Sarah, Jeannine, Brian, Matt and Marc. Thanks for supporting us and helping us to make the yearbook the best it has ever been!

Terrance Greaves: Thank you so much for getting our backs. Thank you so much for helping us with capital improvement and making the office more easy to work in.

Greg Bartholomeaw: Thank you so much for answering and returning back our ten phone calls a day! Thank you for helping us get our new flat screens so quickly.

Chuck Sadowski and Sue Zawacki: Thank you so much for getting us the sports photos.
